

## **Vision statement - September 2025**

At Blatchington Mill School we believe that every child should experience an exceptional education which enables them to thrive academically, socially and emotionally.

Our priority is to nurture our students, supporting them through their time as part of 'Team Blatch' to mature into articulate, confident, well-rounded young adults ready for the next steps of their education and to go on to lead happy and fulfilled lives.

Our vision is delivered through our motto: 'Involvement, Achievement and Care':

### **Involvement**

- We believe that every student at Blatch should take part in wider school life, including trips, extra-curricular activities and leadership opportunities, supporting them to develop and strengthen their own interests, confidence and teamwork and leadership skills
- We believe that every student at Blatch should play an active and positive role in every lesson, every day, maximising their opportunities to learn

### **Achievement**

- We believe that every student at Blatch, regardless of their starting point, should experience an ambitious, aspirational curriculum and be supported by us to make excellent progress in their learning
- We believe that the standard of education our students receive at Blatch should enable them to secure highly sought after college and university places, apprenticeships and employment and contribute positively to society

### **Care**

- We believe that every student at Blatch should feel safe, secure and looked after every day at school
- We believe that every student at Blatch should feel welcomed and that they belong, embodying the values of our inclusive school community where kindness and embracing and celebrating individuality and diversity prevail

As a staff team we strive for excellence in all we do - working collaboratively to provide an exceptional experience for every child in a kind and caring environment where they feel they belong. We believe that disadvantages can be overcome and that, with the right support, every child can be successful.

Our aspiration is for everyone involved in our school community to support our students to 'be the best they can be' and aspire to be the school of choice for our local community.
